realme GT Master Edition 5G Expert Review Summary

Expert Rating: ★ 3.5/5

by [Prateek Pandey](#), 18 Aug 2021

Freelance Reviewer with 8+ years in tech, reviewed 500+ gadgets.

Verdict

The Realme GT Master Edition is a compelling handset, albeit is overshadowed by the company's own X7 Max 5G (review) which puts forth a more well-rounded package. jQuery(window).load(function() gaq.push(`trackEvent`, `Hub Onsitego`, `imp`, `Realme GT Master Edition review: a no-brainer, almost`, 1, false););

Pros

- Sleek, lightweight design
- Capable performer
- Stunning display

Cons

- Audio setup is not the best
- No HDR streaming available on Netflix
- Cameras need to be tuned better
